

Planning the School Festival

Key Words

Festival — a big party at school.

Suggest — to give a new idea.

Request — to ask for something politely.

The students at Oak Elementary are busy. They are planning a big school festival. Leo and Mia sit at a table. They want to make the festival great.

Leo looks at the sign-up sheet.

"**May I** register for the tennis tournament?" he asks. Mia nods and writes his name down. Leo has another idea. "**Might I** shoot

a short video during the festival?" he asks. Mia smiles. "Yes, that is a great way to remember the day!"

Then, Mia looks at the big boxes of balloons. "Leo, **can you** please help me with the decoration?" she asks. Leo stands up to help. He looks at the doors. "**Could we** change the infrastructure for easy accessibility?" he asks. He wants his friend in a wheelchair to enter easily. Mia agrees.

Finally, they look at the schedule. "**Shall we** review the rules before the final debate?" Mia asks. They want to be ready for the big event. They are a great team!

Leo and Mia work together.
